

# Jeju National University

## List of Courses in English – Spring Semester 2016

College	Department	Course	Credit/Hours
Humanities	English Language & Literature	Literary Imagination and Writing	2/2
Natural Sciences	Chemistry & Cosmetics	Chemistry in Life	2/2
		Business English	2/2
Humanities	English Language & Literature	Reading English & American Literature	3/3
Humanities	English Language & Literature	Introductory English Conversation	3/3
Humanities	English Language & Literature	Shakespeare	3/3
Humanities	English Language & Literature	Intermediate English Conversation	3/3
Humanities	English Language & Literature	Advanced English Conversation	3/3
Humanities	English Language & Literature	Applied Linguistics (Speaking)	3/3
Humanities	English Language & Literature	Literary Theories and Literature	3/3
Social Sciences	Public Administration	NGO and Government for Jeju 4.3 Grand Tragedy and World Heritages	3/3
Social Sciences	Political Science & Diplomacy	Political Discussion	3/3
Social Sciences	Political Science & Diplomacy	Oriental Diplomacy History	3/3
Social Sciences	Journalism & Public Relations	Data Communication	3/3
Social Sciences	Journalism & Public Relations	Film Studies	3/3
Economics & Commerce	Business Administration	Marketing	3/3
Economics & Commerce	Business Administration	Services Operations Management	3/3
Economics & Commerce	Business Administration	Strategic Management	3/3
Economics & Commerce	Business Administration	Consumer Behavior	3/3
Economics & Commerce	Tourism Management	Travel Agency Management	3/3
Economics & Commerce	Tourism Management	Tourism Marketing Management	3/3
Economics & Commerce	Accounting	Accounting Data Analysis	3/3
Economics & Commerce	International Trade	International Logistics Management	3/3
Economics & Commerce	Economics	Studies in Application Microeconomics	3/3
Applied Life Sciences	Faculty of Bioscience & Industry	Garden Planning and Practice	3/4
Applied Life Sciences	Faculty of Biotechnology	Detection and Identification of Pathogenic Bacteria	3/4
Applied Life Sciences	Faculty of Biotechnology	Genomics programming	3/3
Ocean Sciences	Earth and Marine Sciences	Chemical Oceanography	3/4
Ocean Sciences	Ocean System Engineering	Engineering Mathematics I	3/3
Natural Sciences	Physics	Solid State Physics II	3/3
Natural Sciences	Biology	Microbiology & Lab.	4/5
Natural Sciences	Biology	General Ecology	4/5
Natural Sciences	Biology	Mycology	3/3
Natural Sciences	Biology	Plant Developmental Biology	3/3
Natural Sciences	Biology	Environmental Biology	3/3
Natural Sciences	Chemistry	New Materials Chemistry	3/3
Natural Sciences	Chemistry	Special Topics in Cosmetic	3/3
Natural Sciences	Chemistry & Cosmetics	Quantum chemistry	3/3
Natural Sciences	Chemistry & Cosmetics	Molecular Cosmetics	3/3
Natural Sciences	Mathematics	Set theory	3/3
Natural Sciences	Mathematics	Topics in Advanced Mathematics	3/3
Natural Sciences	Computer Science and Statistics	Bio-statistics	3/3
Natural Sciences	Faculty of Human Ecology & Welfare	Infant Development	3/3
Natural Sciences	Kinesiology	Sport Nutrition	2/2
Engineering	Mechanical Engineering	Statics	3/3
Engineering	Mechatronics Engineering	Precision Engineering	3/3
Engineering	Nuclear & Energy Engineering	Advanced Engineering Mathematics I	3/3
Engineering	Nuclear & Energy Engineering	Plant System Engineering	3/3
Engineering	Electrical Engineering	Engineering of Superconductivity and Heat Transfer	3/3
Engineering	Electronic Engineering	Information and Communication Engineering	3/3
Engineering	Food Bioengineering	The Science of Meat Processing	3/3

\*Some courses may be added or cancelled in the next semester.
